In anticipation of celebrating this momentous occasion in our school's history and to give thanks for a century and a half of God's unending grace to Trinity, we will be holding a celebration at or soon after the beginning of the next school year. We are looking for interested people who would be willing to help out with coordinating and planning activities for that event. If you might be that person, please speak with Mr. Gumm or our school board chairman, Benj Matzke.
12. Many “Thanks” to Jeanette and Paul Boehlke who donate their time to teach science classes to our upper graders. The students and teachers love what they do here at Trinity. Here is a sample of last weeks class:  
We had fun with levers at Trinity this week. You are witnessing the moment before the big breakthrough in understanding the balance between distance and mass.
