If you need the link, talk to Mr. Wasser.

Mr. Wasser's News

PREVIOUSLY IN THE UPPER GRADE CLASSROOM:

It is hard to believe that we are a quarter of the way completed with the school year! We wrapped up the 1st quarter by making sure our assignments were turned in so the grades can be properly reflected!

THIS WEEK IN THE UPPER GRADE CLASSROOM:

Spelling - This week we will be working on Unit 9 with a test on Friday.

Science - We are starting to look below the surface and talk about Plate Tectonics and how their movement shapes the surface.

English - This week we will be focusing more on our Forensic pieces. We need to work hard to be ready for the School Forensics night and then the MLC forensics night a week after! Look below about information for the MLC Forensics night.

Reading - The 5/6th graders will be starting a new book this week. Ask them what it is near the end of the week!

Math - We will be having a test this week on lessons 21-25 on Wednesday and Thursday this week.

Minnesota History - We are going to be looking at how immigrants changed the landscape and economy of Minnesota.

US History - We are wrapping up colonial life in America and will soon be learning about the Revolutionary War.

That sums it up for the classroom this week!

Preschool will be participating in Forensics Night at school next Thursday at 6. There is no school next Friday. Keep reading and record the books you have read to your child on the orange calendar. You only have to record the number of books each day. Once your child has met that goal, please send your calendar to school so your child can receive a pizza coupon. I am in need of plastic grocery bags for the classroom. If you have any that you would like to get rid of I will gladly take them off of your hands.
